## To My Favorite Girl

1. In my opinion  
Dot is hot.  
Indifferent to her  
I am not.
2. Her figure's from  
a Grecian mold  
like one that Phidias  
served of old.
3. Her hair, her face, her smile  
to me  
are just the ones I like  
to see.
4. Her mind is active,  
bold and bright.  
Her moves are fast, like  
the speed of light.
5. With face and figure,  
brains and speed.  
She is exactly  
what I need.
6. How lucky I was  
one December day  
as I drew a card  
before starting to play.
7. The partner I won  
is my partner still  
I haven't changed  
and I never will.
8. I'm pleased with my life  
and my family.  
Most of all with my  
sweetheart, Dorothy.
