

SIXTY-FIRST WEDDING ANNIVERSARY

JULY 7, 2006

Me complain?

Certainly not!

Why should I

When I have Dot?

She smooths out every path for me

Without her I'd be lost at sea.

Since nineteen hundred forty-five

She's been queen bee in my home hive

For sixty-one years to this day

I've had her help in every way

With meals and clothes and medicines

From breakfast till the night begins

I have her wisdom by my side

So why should I complain?

Happy Anniversary!
